Deadline for Comments: 10/22/2012

The Administrator of the Division of Environmental Protection gives notice that an application for Water Pollution Control Permit for the **Cloverdale Placer Project**, a mining and beneficiation facility, has been properly filed with the Division of Environmental Protection in Carson City. The applicant for Water Pollution Control Permit **NEV2010108** is:

**Action Enterprises Nevada LLC
7200 Circle Parkway
Sacramento, CA 95823**

The facility is located on private land in Nye County, Nevada, within Section 24, Township 8 North, Range 39 East, Mount Diablo Baseline and Meridian (MDB&M), approximately 37 miles northwest of the town of Tonopah.

The project is a physical separation facility designed to extract gold, with a maximum permitted extraction rate of 36,500 tons of ore per year. The facility is comprised of an open pit mine, ore stockpile, lined tailings ponds, a physical separation circuit and ancillary facilities. No chemicals are authorized for use in beneficiation. Facilities are required to be designed, constructed, operated and closed without any discharge or release in excess of those standards established in regulation except for meteorological events which exceed the design storm event.

The Administrator is constrained to either issue the Water Pollution Control Permit or to deny the application. The Administrator has made the tentative decision to issue the permit.

Persons wishing to comment upon the proposed Water Pollution Control Permit, to recommend terms and conditions for consideration of incorporation into the permit, or who request a public hearing pursuant to Nevada Administrative Code (NAC) Chapter 445A, must submit their written comments, objections, or requests by hand delivery, United States Postal Service, facsimile, or e-mail no later than 5:00 PM on the 30th day following the date of publication of this notice (submittal deadline October 22, 2012) to:
