NOTICE OF PROPOSED ACTION

The Administrator, Division of Environmental Protection, Carson City, Nevada is issuing the following notice of proposed action under the Nevada Revised Statutes and/or the Clean Water Act, where applicable. The Administrator has received an application for a Groundwater Discharge, permit number NS0090053 from the following applicant:

NEVADA DEPARTMENT OF CORRECTIONS
3955 W. RUSSELL ROAD
LAS VEGAS, NV - 89118

Permit NS0090053, LOVELOCK CORRECTIONAL CENTER:

The Nevada Department of Corrections operates Lovelock Correctional Center (LCC), located six miles northeast of Lovelock and approximately one mile east of U.S. I-80. LCC is a medium-security men's prison currently housing approximately 1,646 inmates. There is an on-site wastewater treatment plant in which wastewater is treated in a 0.25 million gallons per day treatment pond system consisting of two aerated facultative and two secondary ponds. Treated effluent is discharged to groundwaters of the State via infiltration in six rapid infiltration basins.

On the basis of preliminary review of the requirements of the Nevada Revised Statutes, as amended, and implementing regulations, the Administrator proposes to issue Permit NS0090053 to discharge for a five (5) year period, subject to certain effluent limitations.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding permit issuance, or request a hearing pursuant to the Nevada Administrative Code, Water Pollution Control, should submit their comments or request, in writing, within thirty (30) days of the date of newspaper publication, hand delivered or postmarked no later than 5:00 P.M. on 04/15/2013, either in person or by mail to:

Department of Conservation and Natural Resources
Division of Environmental Protection
Bureau of Water Pollution Control
901 South Stewart Street, Suite 4001
Carson City, NV 89701

The request must be filed within the comment period and must indicate the interest of the person filing the request and the reasons why a hearing is warranted. All comments or objections received within the thirty (30) day period will be considered in the formulation of final determination(s) regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. A public notice of such hearing will be issued not less than thirty (30) days prior to the hearing date.

If no hearing is held and the determinations of the Administrator are substantially changed from the tentative determinations, the Administrator will give public notice of the revised determinations. Additional comments and objections will be considered at that time.
