The Administrator of the Division of Environmental Protection (the Division) gives notice that an application for a new Water Pollution Control Permit for the **Centennial-Seligman Project**, a mining and beneficiation facility, has been properly filed with the Division of Environmental Protection in Carson City. The applicant for Water Pollution Control Permit **NEV2013103** (Permit) is:

Mt. Hamilton LLC
4251 Kipling Street, Suite 390
Wheat Ridge, CO 80033

The facility is located on public and private land in White Pine County, within portions of Sections 5, 8, 9, 10, 15, 16, 17, 19, 20, 21 and 22 Township 16 North, Range 57 East, Mount Diablo Baseline and Meridian, and 36 miles west of Ely, NV.

The project consists of a surface mining and cyanide heap leach facility, pursuant to Nevada Administrative Code (NAC) 445A.350 through NAC 445A.457, designed to extract gold, with a maximum permitted production rate of 3,000,000 tons of ore per year. The facility is comprised of mine, mill, heap leach pad, waste rock dumps, ponds, wells, and a carbon adsorption, desorption and regeneration facility. Facilities are required to be designed, constructed, operated, and closed without any discharge or release in excess of those standards established in regulation except for meteorological events which exceed the design storm event.

The Administrator is constrained to either issue the new Permit or to deny the application. The Administrator has made the tentative decision to issue the new Permit.

Persons wishing to comment upon the proposed Permit, to recommend terms and conditions for consideration of incorporation into the Permit, or who request a public hearing pursuant to NAC Chapter 445A, must submit their written comments, objections, or requests by hand delivery or US Postal Service, or by facsimile or e-mail transmittal (with the original to be received within five (5) days of transmittal date), no later than 5:00 PM on the 30th day following the date of publication of this notice (publication date 16 May 2014, submittal end date 14 June 2014) to:

Division of Environmental Protection
Bureau of Mining Regulation and Reclamation

All comments, objections, or requests received during the public notice period will be considered in the final determination regarding the Permit. If the Division determines written comments or requests indicate a significant degree of public interest in this matter, the Administrator shall schedule a public hearing in accordance with the requirements of NAC 445A.405.

The draft Permit and all application documents are on file at the Division and are available for public inspection and copying pursuant to Nevada Revised Statute 445A.665.
