## NOTICE OF PROPOSED ACTION

The Administrator, Division of Environmental Protection, Carson City, Nevada is issuing the following notice of proposed action under the Nevada Revised Statutes and/or the Clean Water Act, where applicable. The Administrator has received an application for a NEV Groundwater Discharge, permit number NS0060025 from the following applicant:

DOUGLAS COUNTY BOARD OF COMMISSIONERS  
PO BOX 218  
MINDEN NV 89423

### **Permit NS0060025, NORTH VALLEY WASTEWATER TREATMENT FACILITY**

The North Valley Wastewater Treatment Plant (NVWWTP) provides tertiary treatment of wastewater generated from a commercial/industrial center and residential communities located within the northeastern part of Douglas County in Minden, Nevada. The applicant is proposing to continue to discharge treated effluent with a 30-day average and daily maximum flow limit of 0.45 million gallons per day. NVWWTP consists of head works, bio-tower (roughing filter), Biolac aeration basin, and chlorine disinfection. Water is discharged to a lined storage basin for evaporation with an option of reuse or percolation in a nearby rapid infiltration basin.

On the basis of preliminary review of the requirements of the Nevada Revised Statutes, as amended, and implementing regulations, the Administrator proposes to issue Permit NS0060025 to discharge for a five (5) year period, subject to certain effluent limitations.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding permit issuance, or request a hearing pursuant to the Nevada Administrative Code, Water Pollution Control, should submit their comments or request, in writing, within thirty (30) days of the date of newspaper publication, hand delivered or postmarked no later than 5:00 P.M. on 03/14/2014, either in person or by mail to:

Department of Conservation and Natural Resources  
Division of Environmental Protection  
Bureau of Water Pollution Control  
901 South Stewart Street, Suite 4001  
Carson City, NV 89701

The request must be filed within the comment period and must indicate the interest of the person filing the request and the reasons why a hearing is warranted. All comments or objections received within the thirty (30) day period will be considered in the formulation of final determination(s) regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. A public notice of such hearing will be issued not less than thirty (30) days prior to the hearing date.

If no hearing is held and the determinations of the Administrator are substantially changed from the tentative determinations, the Administrator will give public notice of the revised determinations. Additional comments and objections will be considered at that time.
