## NOTICE OF PROPOSED ACTION

The Administrator, Division of Environmental Protection, Carson City, Nevada is issuing the following notice of proposed action under the Nevada Revised Statutes and/or the Clean Water Act, where applicable. The Administrator has received an application for a Groundwater Discharge , permit number NS0097011 from the following applicant:

WASHOE COUNTY DEPARTMENT OF WATER RESOURCES  
4930 ENERGY WAY  
RENO, NV - 89502

### **Permit NS0097011, MT. ROSE EFFLUENT REUSE AREA:**

Washoe County Department of Water Resources proposes to continue discharging tertiary treated effluent for irrigation of the Mt. Rose Effluent Reuse Area, located west of U.S. Highway 395 in southern Reno, Nevada. The reclaimed water is supplied by the South Truckee Meadows Water Reclamation Facility, which provides disinfected, denitrified reclaimed water that meets Category A quality (NAC 445A.276). The effluent is used for a combination of drip and spray irrigation, truck fill, construction, and ornamental features within the permitted site. Reclaimed water usage for the entire area is estimated to be less than 2,000 acre-feet per year and less than 1.25 million gallons per day. Irrigation is mostly seasonal and weather dependent.

On the basis of preliminary review of the requirements of the Nevada Revised Statutes, as amended, and implementing regulations, the Administrator proposes to issue Permit NS0097011 to discharge for a five (5) year period, subject to certain effluent limitations.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding permit issuance, or request a hearing pursuant to the Nevada Administrative Code, Water Pollution Control, should submit their comments or request, in writing, within thirty (30) days of the date of newspaper publication, hand delivered or postmarked no later than 5:00 P.M. on 01/12/2015 , either in person or by mail to:

Department of Conservation and Natural Resources  
Division of Environmental Protection  
Bureau of Water Pollution Control  
901 South Stewart Street, Suite 4001  
Carson City, NV 89701

The request must be filed within the comment period and must indicate the interest of the person filing the request and the reasons why a hearing is warranted. All comments or objections received within the thirty (30) day period will be considered in the formulation of final determination(s) regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. A public notice of such hearing will be issued not less than thirty (30) days prior to the hearing date.

If no hearing is held and the determinations of the Administrator are substantially changed from the tentative determinations, the Administrator will give public notice of the revised determinations. Additional comments and objections will be considered at that time.
