

NOTICE OF PROPOSED ACTION - Bureau of Mining Regulation and Reclamation

Web Posting: 08/20/2015

Deadline for Comment: 09/19/2015

The Administrator of the Division of Environmental Protection (the Division) gives notice that an application for a renewal of a Water Pollution Control Permit for the **Manhattan Project**, formally a mining and beneficiation facility, has been properly filed with the Division of Environmental Protection in Carson City. The Applicant for renewal of Water Pollution Control Permit **NEV0088013** (Permit) is:

**Round Mountain Gold Corporation
P.O. Box 480
Round Mountain, Nv 89045**

The facility is located on public and private land in Nye County, within Sections 19, 20, 29, and 30, Township 8 North, Range 44 East. Mount Diablo Baseline and Meridian, within the town of Manhattan.

The Project was an open pit mine, with both heap leach and mill beneficiation, pursuant to Nevada Administrative Code (NAC) 445A.394, designed to extract gold. The Project is in permanent closure and is not authorized to mine or process ore. This facility currently is comprised of three open pits, one with a pit lake, one waste rock dump, one heap leach pad, one tailings impoundment, and several monitoring wells. The mill facility and all other structures have been removed. This facility is required to be permanently closed without any discharge or release in excess of those standards established in regulation except for meteorological events which exceed the design storm event.

The Administrator is constrained to either issue the renewed Permit or to deny the application. The Administrator has made the tentative decision to issue the renewed Permit.

Persons wishing to comment upon the proposed Permit, to recommend terms and conditions for consideration of incorporation into the Permit, or who request a public hearing pursuant to NAC 445A, must submit their written comments, objections, or requests by hand delivery or US Postal Service, or by facsimile or e-mail transmittal, no later than 5:00 PM on the 30th day following the date of publication of this notice (submittal end date 19 September 2015) to:

Division of Environmental Protection
Bureau of Mining Regulation and Reclamation
901 South Stewart Street, Suite 4001
Carson City, NV 89701-5249

All comments, objections, or requests received during the public notice period will be considered in the final determination regarding the Permit. If the Division determines written comments or requests indicate a significant degree of public interest in this matter, the Administrator shall schedule a public hearing in accordance with the requirements of NAC 445A.405.

The draft Permit and all application documents are on file at the Division and are available for public inspection and copying pursuant to Nevada Revised Statute 445A.665. For more information, contact Kurt F. Kolbe at (775) 687-9405 or visit the Bureau of Mining Regulation and Reclamation website at <http://ndep.nv.gov/bmrr/bmrr01.htm>.
