

NOTICE OF PROPOSED ACTION

The Administrator, Division of Environmental Protection, Carson City, Nevada is issuing the following notice of proposed action under the Nevada Revised Statutes and/or the Clean Water Act, where applicable. The Administrator has received an application for a Manufacturing, Commercial, Mining and Silvicultural facility that discharges NON-PROCESS Wastewater , permit number NV0023256 from the following applicant:

JDLB, LLC
2827 PARADISE ROAD
LAS VEGAS, NV - 89109

Permit NV0023256, THE STIRLING CLUB:

The Permittee, JDLB, LLC, has applied for a renewal of discharge permit NV0023256. The permit authorizes the Permittee to discharge groundwater found in the below-grade parking level of its facility, The Stirling Club at Turnberry Place Tower II. The facility is located at 2827 Paradise Road, Las Vegas, NV 89109. The facility's parking level is located beneath the shallow groundwater table. To prevent structural damage and the occurrence of nuisance water, the facility collects the groundwater with perimeter and underfloor drains. The groundwater is treated by two 2,000 pound granulated activated carbon canisters. After treatment, the groundwater is discharged to the Las Vegas Wash via a storm drain inlet on Paradise Road.

On the basis of preliminary review of the requirements of the Nevada Revised Statutes, as amended, and implementing regulations, the Administrator proposes to issue Permit NV0023256 to discharge for a five (5) year period, subject to certain effluent limitations.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding permit issuance, or request a hearing pursuant to the Nevada Administrative Code, Water Pollution Control, should submit their comments or request, in writing, within thirty (30) days of the date of newspaper publication, hand delivered or postmarked no later than 5:00 P.M. on 09/22/2015 , either in person or by mail to:

Department of Conservation and Natural Resources
Division of Environmental Protection
Bureau of Water Pollution Control
901 South Stewart Street, Suite 4001
Carson City, NV 89701

The request must be filed within the comment period and must indicate the interest of the person filing the request and the reasons why a hearing is warranted. All comments or objections received within the thirty (30) day period will be considered in the formulation of final determination(s) regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. A public notice of such hearing will be issued not less than thirty (30) days prior to the hearing date.

If no hearing is held and the determinations of the Administrator are substantially changed from the tentative determinations, the Administrator will give public notice of the revised determinations. Additional comments and objections will be considered at that time.
