Permit NS0050028, CANYON GID WASTEWATER TREATMENT PLANT:

The Canyon General Improvement District (Canyon GID) has applied for a permit renewal to operate a wastewater treatment plant located at the east end of Avenue De La Couleurs in Lockwood, NV. The Canyon GID wastewater treatment plant receives flows from residential and commercial sources located in the area of the Rainbow Bend Mobile Home Park and Lockwood Mobile Home Park. Wastewater is treated to meet secondary treatment standards, denitrified, and disinfected. The facility has a design treatment capacity of 0.14 million gallons per day and is permitted to discharge to rapid infiltration basins (RIBs), Lockwood Regional Landfill, and Lockwood Park. The treated effluent is used for dust control, soil compaction, and other acceptable beneficial uses at Lockwood Regional Landfill administered under effluent reuse permit NS2010502.

On the basis of preliminary review of the requirements of the Nevada Revised Statutes, as amended, and implementing regulations, the Administrator proposes to issue Permit NS0050028 to discharge for a five (5) year period, subject to certain effluent limitations.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding permit issuance, or request a hearing pursuant to the Nevada Administrative Code, Water Pollution Control, should submit their comments or request, in writing, within thirty (30) days of the date of newspaper publication, hand delivered or postmarked no later than 5:00 P.M. on 08/31/2016 , either in person or by mail to:

Department of Conservation and Natural Resources

Bureau of Water Pollution Control

The request must be filed within the comment period and must indicate the interest of the person filing the request and the reasons why a hearing is warranted. All comments or objections received within the thirty (30) day period will be considered in the formulation of final determination(s) regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. A public notice of such hearing will be issued not less than thirty (30) days prior to the hearing date.

If no hearing is held and the determinations of the Administrator are substantially changed from the tentative determinations, the Administrator will give public notice of the revised determinations. Additional comments and objections will be considered at that time.
