Registration closes Tuesday,
November 15th

Join us for a fun and engaging workshop in the Elko area.

Learn: To incorporate science and outdoor education into everyday curriculum and across subject areas.

Experience: Hands-on, inquiry-based lessons that address the current Nevada State Standards and that are immediately ready for classroom use.

Earn: A .5 Nevada State Recertification Credit

Resources: Leave with the WET and PLT resource guides (each with 90+ lessons), additional on-line resources, and eligibility to apply for PLT grants.
