

Pedaling Your Watershed Cycles & Science Workshop

This watershed workshop will cycle along the beautiful Truckee River bike path. We begin at the Oxbow Nature Study Area with cycle safety and Safe Routes to Schools. We cycle to the McKinley Arts Center, Rock Park, and E. McCarran; and then cycle back to Wingfield Park and return to Oxbow.

Cycles & Science will explore lessons and activities on the hydrocycle, the phosphorus cycle, nitrogen cycle, and the carbon cycle.

Participants - Bring your own (non-motorized) cycle, lunch and water. Families are welcome.

**June 18, 2010; 8:30 am – 4:30 pm;
at Oxbow Nature Study Area
(Dickerson Road, Reno, NV)**

COST - \$10.00

.5 NV DOE CE Credit
