

Explore Your Watershed

A **FUN** outdoor workshop filled with educational resources, tools, ideas & partners!

WHERE: Stillwater National Wildlife Refuge

Meet at Fox Peak Gas Station,
East Williams Ave in Fallon @ 7:45am

WHEN: Saturday, November 7 8am – 5:00pm

LEARN!

- To instill stewardship of wildlife and natural resources by promoting awareness, appreciation, and knowledge of the Stillwater Wildlife Refuge and its habitats.
- To provide learning opportunities whereby students know and understand their watershed and the precious resources it provides.

RECEIVE!

- Educational tools and partnerships.
- Resources to prepare for, organize, and lead environmental lessons with students in their community.

Become an Environmentally Empowered Educator!

- **Instruct and Inspire** your students to conserve and protect natural resources
- **Instill a conservation ethic** for long-term viability of western Nevada watersheds
- **Improve classroom performance** while meeting state and national standards

Topics include

Water quality; macro-invertebrate and bird identification; Native American culture and history; watershed concepts, issues, and science; refuge field trip options.
