**REQUEST FOR
CLASS II AIR QUALITY OPERATING PERMIT
APPLICABILITY DETERMINATION**

IMPORTANT INFORMATION

- This application shall be used only for an Air Quality Operating Permit Applicability Determination under Nevada Administrative Code (NAC) 445B.327(9). If other activities that have the potential to impact water or land resources are planned, other permits may be required.
- A printed copy of the application must be submitted (mailed or hand delivered).
- The application filing fee required by NAC 445B.327 must be submitted with the completed application. The fee for an Applicability Determination is \$1,000. Checks must be made payable to: Nevada State Treasurer, Environmental Protection. Fees may also be submitted electronically at <https://epayments.ndep.nv.gov/>.
- A request for an Applicability Determination must be signed by a Responsible Official, as defined in NAC 445B.156. If the request is signed by a person other than the Responsible Official, the request will be returned as incomplete.
- All items in the Applicability Determination must be addressed. If an item does not apply “N/A” or similar notation must be entered in the appropriate blank. All other information must be provided.
- All information required by the “General Company Information” section must be completed.
- Assistance in completing this Applicability Determination is available from the Business Environmental Program, University of Nevada, Reno at (775) 834-3687 or (800) 882-3233 (toll-free).

In order to provide the best response to an Applicability Determination request, please complete the following sections as thoroughly as possible.

6. Standard Industrial Classification Code:

Please provide/attach a complete description of the Standard Industrial Classification (SIC) code that best describes your operation.

7. Facility Location Coordinates:

Please provide/attach facility location coordinates to include the County; Section, Township, and Range; Hydrographic Basin (if known); and UTM Coordinates in NAD 83, Zone 11.

8. Process Narrative:

Please provide/attach a complete description of the facility's processes and their approximate location within the plant. Include a process flow diagram depicting the layout of the plant. For guidance on process flow diagrams please refer to this document: <https://ndep.nv.gov/uploads/air-aqm-docs/guidance-process-flow-diagram.pdf>.

9. Projected Material Throughputs and Air Emissions:

Please provide/attach a complete description of the projected material throughputs, estimated air emissions, and the methodology used to determine those emissions (manufacturer's guarantee, MSDS sheets; AP-42 emission tables, stack test results, etc.). If unable to do so, please specify what technical assistance you may require.

GENERAL COMPANY INFORMATION (CONTINUED)

10. Projected Surface Area Disturbance Acreage During Construction:
Please provide/attach a complete description of the projected construction activities to take place at the project site and estimate the number of acres to be disturbed. Any construction project of 5 acres or more must attain a Surface Area Disturbance Permit before commencing construction. Regardless of project size, NAC 445B.22037 requires fugitive dust to be controlled, and requires an ongoing program, using best practical methods, to prevent particulate matter from becoming airborne.
