Permanent Regulation P2024-20: The NDEP is proposing to amend its fee schedule for the Water Pollution Control Permitting Program (WPCPP). The change seeks to update the Programs' fees across the regulated industry to reflect the workload and resources required to implement NDEP Bureau of Mining Regulation and Closure Branch Programs, while allowing BMRR to provide quality and service in the future. With the fee increases, BMRR is planning for three (3) additional positions: an Inspector/Compliance Supervisor and an Inspector/Compliance staff for the WPCPP and a hydrologist.

The proposed amendments and related materials are available on the NDEP website at: <https://ndep.nv.gov/posts>. A copy of materials relating to the proposed regulations may also be obtained at the workshop or from Sherrie Cairo at NDEP, 901 S. Stewart Street, Suite 4001, Carson City, NV 89701; (775) 687-9399 or e-mail scairo@ndep.nv.gov. Members of the public who are disabled and require special accommodations or assistance at the meeting are requested to notify Sherrie Cairo no later than 3 working days before the workshop. This notice has been posted on the official State website, the Nevada Legislature website and the NDEP website, at the NDEP offices in Carson City and Las Vegas, at the State Library in Carson City and at County libraries throughout Nevada.
