² Effective March 13, 2012 (77 FR 14862), EPA redesignated 40 CFR § 52.1470 as § 52.1490. Before this date, all of the CFR citations in this document pointed to § 52.1470. The March 13, 2012 action reformatted the Nevada SIP recordation into table format. State regulations approved into the Nevada SIP after this date appear in a table maintained by EPA at 40 CFR § 52.1470(c). In this document, for further information on SIP revisions we provide the Federal Register notice citation for 9-27-12, 10-23-12 revisions.

In interpreting and applying the provisions of subsection 3:</p> <ul style="list-style-type: none"> (a) It must be presumed that the independence of judgment of a reasonable person in the public officer’s situation would not be materially affected by the public officer’s pecuniary interest or the public officer’s commitment in a private capacity to the interests of others where the resulting benefit or detriment accruing to the public officer, or if the public officer has a commitment in a private capacity to the interests of others, accruing to the other persons, is not greater than that accruing to any other member of the general business, profession, occupation or group that is affected by the matter. The presumption set forth in this paragraph does not affect the applicability of the requirements set forth in subsection 1 relating to the disclosure of the pecuniary interest or commitment in a private capacity to the interests of others. (b) The Commission must give appropriate weight and proper deference to the public policy of this State which favors the right of a public officer to perform the duties for which the public officer was elected or appointed and to vote or otherwise act upon a matter, provided the public officer has properly disclosed the public officer’s acceptance of a gift or loan, the public officer’s pecuniary interest or the public officer’s commitment in a private capacity to the interests of others in the manner required by subsection 1. Because abstention by a public officer disrupts the normal course of representative government and deprives the public and the public officer’s constituents of a voice in governmental affairs, the provisions of this section are intended to require abstention only in clear cases where the independence of judgment of a reasonable person in the public officer’s situation would be materially affected by the public officer’s acceptance of a gift or loan, the public officer’s pecuniary interest or the public officer’s commitment in a private capacity to the interests of others. <p>5. Except as otherwise provided in NRS 241.0355, if a public officer declares to the body or committee in which the vote is to be taken that the public officer will abstain from voting because of the requirements of this section, the necessary quorum to act upon and the number of votes necessary to act upon the matter, as fixed by any statute, ordinance or rule, is reduced as though the member abstaining were not a member of the body or committee.</p> <p>6. The provisions of this section do not, under any circumstances:</p> <ul style="list-style-type: none"> (a) Prohibit a member of a local legislative body from requesting or introducing a legislative measure; or (b) Require a member of a local legislative body to take any particular action before or while requesting or introducing a legislative measure. <p>7. The provisions of this section do not, under any circumstances, apply to State Legislators or allow the Commission to exercise jurisdiction or authority over State Legislators. The responsibility of a State Legislator to make disclosures concerning gifts, loans, interests or commitments and the responsibility of a State Legislator to abstain from voting upon or advocating the passage or failure of a matter are governed by the Standing Rules of the Legislative Department of State Government which are adopted, administered and enforced exclusively by the appropriate bodies of the Legislative Department of State Government pursuant to Section 6 of Article 4 of the Nevada Constitution.</p> <p>8.
