

**Notice of Request for Section 401 Water Quality Certification Action - Bureau of Water Quality Planning**

**Web Posting: 4/5/2024**

**Deadline for Comments: 5/6/2024**

**88 Skyland Court Buoy and Fish Habitat Mitigation  
Douglas County**

**Gordon Consulting Inc.  
P.O. Box 4470  
Stateline, Nevada 89449**

**Certification Action Number NV-401-24-012**

The purpose of this project is to install a mooring buoy and a fish habitat mitigation structure within Lake Tahoe lakeward of 88 Skyland Court, Zephyr Cove, Douglas County, Nevada. The buoy anchor block and the rocks for the fish habitat structure will be gently placed on the lakebed from a barge equipped with a crane and pulley system that can slowly lower the anchor and rocks in a controlled manner. Divers will stack rocks as mitigation for impacts to fish habitat. Installation of the anchor block will take place in one day and the fish habitat mitigation structure will be installed within one day. The project is anticipated to occur spring/summer 2024, assuming all necessary approvals are obtained. The proposed activities will require the use of a Nationwide Permit 4 and Nationwide Permit 10 (SPK-2024-00194) administered by U.S. Army Corps of Engineers.

A 401 certification (or a waiver of certification) is required for any federal license or permit that authorizes activities that may result in any discharge into waters of the United States. Nevada Division of Environmental Protection is in receipt of a complete request for certification in compliance with Clean Water Act Section 401 Certification regulations which the U.S. Environmental Protection Agency promulgated in 2023, codified as 40 CFR 121.

The Administrator is evaluating whether the proposed activity will comply with applicable water quality requirements. Certification actions are valid for the duration of the federal license or permit (typically five years). Any conditions contained within the certification action become a condition of the federal license or permit.

Persons wishing to comment on the application for consideration by the Administrator in making a determination regarding the certification action should submit their comments or request a hearing in writing, emailed no later than 5:00 P.M. on 5/6/2024:

Bureau of Water Quality Planning  
901 South Stewart Street, Suite 4001  
Carson City, Nevada 89701-5249

The request for a hearing must be filed within the comment period and must indicate the interest of the person filing the request and the reasons why a hearing is warranted. All water quality-related comments or objections received within the thirty (30) day period will be considered in the formulation of final certification action regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. A public notice of such hearing will be issued not less than thirty (30) days prior to the hearing date.

The applications, proposed permits, comments received, and other information are on file and may be copied, or copies may be obtained by writing to the above address or by contacting Zachary Carter, Bureau of Water Quality Planning, at (775) 687-9456 or [ndep401@ndep.nv.gov](mailto:ndep401@ndep.nv.gov). The public notice for this project can be viewed at the following website: <https://ndep.nv.gov/posts/category/water>.

Please bring the forgoing notice to the attention of all persons interested in this matter.
