### **Permit NS0090016, MILL CITY TRAVEL CENTER:**

Travel Centers of America owns and operates Mill City Travel Center (MCTC), a vehicle fueling and truck-stop facility located approximately 27 miles southwest of the City of Winnemucca, located at 6000 E Frontage Road, in Mill City, within Pershing County, Nevada. Wastewater generated at MCTC is discharged to an on-site package wastewater treatment plant designed to treat and denitrify a maximum flow of 0.0325 million gallons per day. After treatment, the denitrified effluent is discharged to four (4) rapid infiltration basins (RIBs). In addition to the treatment plant, MCTC operates a 5,000-gallon oil/water separator which discharges to a percolation/evaporation ditch separate from the RIBs.

On the basis of preliminary review of the requirements of the Nevada Revised Statutes, as amended, and implementing regulations, the Administrator proposes to issue Permit NS0090016 to discharge for a five (5) year period, subject to certain effluent limitations.
