

## NOTICE OF PROPOSED ACTION

The Administrator, Division of Environmental Protection, Carson City, Nevada is issuing the following notice of proposed action under the Nevada Revised Statutes and/or the Clean Water Act, where applicable. The Administrator has received an application for a Groundwater Discharge, permit number NS2004516 from the following applicant:

GEORGIA-PACIFIC GYPSUM LLC  
11401 US HIGHWAY 91  
NORTH LAS VEGAS, NV - 89165

### **Permit NS2004516, GEORGIA PACIFIC GYPSUM LLC:**

The Permittee, Georgia-Pacific Gypsum LLC, has applied for a renewal of its groundwater discharge permit (NS2004516) for the continued management and discharge of process wastewater generated from multiple operations at its Apex, Nevada facility. This includes wastewater from the Plaster Plant, the Wallboard Plant, and the Eclipse process. Wastewater from the Plaster Plant-comprising seven distinct waste streams-is discharged to a 1.3-acre, 60-mil HDPE-lined evaporation pond. Eclipse wastewater, generated from cooling extruded polypropylene, has also been discharged to this pond. Additionally, wastewater from the Wallboard Plant-specifically equipment wash water and reverse osmosis reject water-is directed to the Recycle Pond (Outfall 004), where it is stored and reused in the manufacturing process. The permit also authorizes the use of groundwater and process wastewater for dust control. A groundwater monitoring well is maintained on-site to assess potential impacts to the underlying aquifer.

On the basis of preliminary review of the requirements of the Nevada Revised Statutes, as amended, and implementing regulations, the Administrator proposes to issue Permit NS2004516 to discharge for a five (5) year period, subject to certain effluent limitations.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding permit issuance should submit their comments or request, in writing, hand delivered or postmarked no later than 5:00 P.M. on 06/23/2025, either in person or by mail to:

Department of Conservation and Natural Resources  
Division of Environmental Protection  
Bureau of Water Pollution Control  
901 South Stewart Street, Suite 4001  
Carson City, NV 89701

The request must be filed within the comment period and must indicate the interest of the person filing the request and the reasons why a hearing is warranted. All comments or objections received within the thirty (30) day period will be considered in the formulation of final determination(s) regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. A public notice of such hearing will be issued not less than thirty (30) days prior to the hearing date.

If no hearing is held and the determinations of the Administrator are substantially changed from the tentative determinations, the Administrator will give public notice of the revised determinations. Additional comments and objections will be considered at that time.

A public hearing on the proposed determination can be requested by the applicant, any affected State, any affected interstate agency, the Regional Administrator of EPA Region IX or any interested agency, person or group of persons. The request must be filed within the comment period and must indicate the interest of the person filing the request and the reasons why a hearing is warranted. Any

public hearing determined by the Administrator to be held must be conducted in the geographical area of the proposed discharge or any other area the Administrator determined to be appropriate. All public hearings must be conducted in accordance with NAC 445A.238.
