

**NOTICE OF PROPOSED ACTION**

The Administrator, Division of Environmental Protection, Carson City, Nevada is issuing the following notice of proposed action under the Nevada Revised Statutes and/or the Clean Water Act, where applicable. The Administrator has received an application for a Groundwater Discharge, permit number NS2026509 from the following applicant:

TL TALUS LLC
10345 PROFESSIONAL CIRCLE, SUITE 200
RENO, NV - 89521

Permit NS2026509, TALUS VALLEY DEVELOPMENT:

The Permittee, TL Talus LLC, has applied for a new groundwater discharge permit NS2026509 for the Talus Valley Development project, located at 3300 Bella Vista Ranch Road, in Reno, within Washoe County, Nevada. The Talus Valley Development project is comprised of approximately 772 acres of land located in southeast Reno, west of Veteran's Parkway, between Mira Loma Road and South Meadows Parkway on which a master planned, multi-community (three) housing development, with intermixed retail areas, is to be constructed. The Permittee has applied to utilize intercepted groundwater for dust control and construction activities within the boundary of the project, in areas of disturbance and on stockpiles.

Intercepted groundwater will be pumped into onsite holding ponds for diversion to, or diverted directly into, water trucks which will be used for construction activities and dust suppression purposes within the Talus Valley Development's site boundary. Water will be applied consistently with standard dust control practices, such that pooling and/or ponding are minimal, and no runoff from the site occurs.

On the basis of preliminary review of the requirements of the Nevada Revised Statutes, as amended, and implementing regulations, the Administrator proposes to issue Permit NS2026509 to discharge for a five (5) year period, subject to certain effluent limitations.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding permit issuance should submit their comments or request, in writing, hand delivered or postmarked no later than 5:00 P.M. on 03/09/2026, either in person or by mail to:

Department of Conservation and Natural Resources
Division of Environmental Protection
Bureau of Water Pollution Control
901 South Stewart Street, Suite 4001
Carson City, NV 89701

The request must be filed within the comment period and must indicate the interest of the person filing the request and the reasons why a hearing is warranted. All comments or objections received within the thirty (30) day period will be considered in the formulation of final determination(s) regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. A public notice of such hearing will be issued not less than thirty (30) days prior to the hearing date.

If no hearing is held and the determinations of the Administrator are substantially changed from the tentative determinations, the Administrator will give public notice of the revised determinations. Additional comments and objections will be considered at that time.

A public hearing on the proposed determination can be requested by the applicant, any affected

State, any affected interstate agency, the Regional Administrator of EPA Region IX or any interested agency, person or group of persons. The request must be filed within the comment period and must indicate the interest of the person filing the request and the reasons why a hearing is warranted. Any public hearing determined by the Administrator to be held must be conducted in the geographical area of the proposed discharge or any other area the Administrator determined to be appropriate. All public hearings must be conducted in accordance with NAC 445A.238.

The applications, proposed permits, comments received, and other information are on file and may be copied or copies may be obtained by writing to the above address or by contacting Aaron Park, Bureau of Water Pollution Control, at (775) 687-9427 or at apark@ndep.nv.gov.
