Permit NV0022993, GOLDEN NUGGET HOTEL AND CASINO:

The Permittee, GNLV Corporation, has applied for the renewal of National Pollutant Discharge Elimination System permit NV0022993 for the Golden Nugget Hotel and Casino located at 129 East Fremont Street in Clark County, Las Vegas, Nevada. The Permittee proposes to continue to operate a groundwater dewatering system installed below the first floor slab to collect shallow groundwater under the foundation. The system consists of two parallel, 4-foot deep gravel-filled trenches under the foundation with 4-inch diameter drain pipes that discharge to a collection sump. The sump has two pumps that are automated to activate by float switches. The untreated groundwater will be discharged to the Las Vegas Wash via the existing Clark County storm drain system.

On the basis of preliminary review of the requirements of the Nevada Revised Statutes, as amended, and implementing regulations, the Administrator proposes to issue Permit NV0022993 to discharge for a five (5) year period, subject to certain effluent limitations.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding permit issuance should submit their comments or request, in writing, hand delivered or postmarked no later than 5:00 P.M. on 01/05/2026, either in person or by mail to:
