

Notice of Request for Section 401 Water Quality Certification Action - Bureau of Water Quality Planning

Web Posting: 6/20/2024

Deadline for Comments: 7/22/2024

**Regional General Permit 24
Lake Tahoe – Carson City, Washoe, Douglas**

**United States Army Corps of Engineers
300 Booth Street
Reno, NV 89509-1328**

Certification Action Number NV-401-24-025

The proposed Regional General Permit (RGP) 24 (SPK-2023-00852) would authorize work or structures within Lake Tahoe and/or the permanent or temporary discharge of fill into waters of the U.S. Regional General Permit 24 includes limited activities that are considered to have no more than minimal individual and cumulative environmental impacts. Project proponents seeking federal authorization through RGP 24 would be required to notify the U.S. Army Corps of Engineers consistent with the notification procedures described in the draft permit. Each individual project verified under this permit would be required to adhere to all general and special conditions listed in the permit, including adherence to any Clean Water Act Section 401 Certification conditions (if applicable). Regional General Permit 24 would be effective for a duration of five years following issuance.

A 401 certification (or a waiver of certification) is required for any federal license or permit that authorizes activities that may result in any discharge into waters of the United States. Nevada Division of Environmental Protection is in receipt of a complete request for certification in compliance with Clean Water Act Section 401 Certification regulations which the U.S. Environmental Protection Agency promulgated in 2023, codified as 40 CFR 121.

The Administrator is evaluating whether the proposed activity will comply with applicable water quality requirements. Certification actions are valid for the duration of the federal license or permit (typically five years). Any conditions contained within the certification action become a condition of the federal license or permit.

Persons wishing to comment on the application for consideration by the Administrator in making a determination regarding the certification action should submit their comments or request a hearing in writing, emailed no later than 5:00 P.M. on 7/22/2024:

Bureau of Water Quality Planning
901 South Stewart Street, Suite 4001
Carson City, Nevada 89701-5249
ndep401@ndep.nv.gov

The request for a hearing must be filed within the comment period and must indicate the interest of the person filing the request and the reasons why a hearing is warranted. All water quality-related comments or objections received within the thirty (30) day period will be considered in the formulation of final certification action regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. A public notice of such hearing will be issued not less than thirty (30) days prior to the hearing date.

The applications, proposed permits, comments received, and other information are on file and may be copied, or copies may be obtained by writing to the above address or by contacting Zachary Carter, Bureau of Water Quality Planning, at (775) 687-9456 or ndep401@ndep.nv.gov. The public notice for this project can be viewed at the following website: <https://ndep.nv.gov/posts/category/water>.

Please bring the forgoing notice to the attention of all persons interested in this matter.
