

**Notice of Request for Section 401 Water Quality Certification Action - Bureau of Water Quality Planning**

**Web Posting: 6/2/2025**

**Deadline for Comments: 7/2/2025**

**Cedar Isle Boat Ramp and Gantry Removal  
Douglas County**

**Agan Consulting Corporation  
P.O. Box 9180  
Incline Village, NV 89450**

**Certification Action Number NV-401-22-062**

The purpose of this project is to perform a shorezone improvement project within Lake Tahoe lakeward of 1182 U.S. Highway 50 in Glenbrook, Douglas County, Nevada. The proposed improvements include the removal of an existing concrete boat launch ramp and removal of an existing overhead boat gantry. Removal of the concrete boat launch ramp would be performed by small excavation equipment (e.g., backhoe) and hand tools. Excavated portions of the boat launch ramp would be temporarily stored in a dumpster located on the existing paved driveway and disposed of at a sanitary landfill. The steel-frame gantry would be removed primarily via an amphibious barge equipped with a crane. The gantry would be cut with saws or torches, stored on the barge, and transported to a dumpster, recycle center, and/or sanitary landfill. The proposed activities are anticipated to occur between August 2025 through August 2026. The project proponent has requested certification for the use of Regional General Permit 4 (Lake Tahoe Minimal Impact Activities and Structures) administered by the U.S. Army Corps of Engineers.

A 401 certification (or a waiver of certification) is required for any federal license or permit that authorizes activities that may result in any discharge into waters of the United States. Nevada Division of Environmental Protection is in receipt of a complete request for certification in compliance with Clean Water Act Section 401 Certification regulations which the U.S. Environmental Protection Agency promulgated in 2023, codified as 40 CFR 121.

The Administrator is evaluating whether the proposed activity will comply with applicable water quality requirements. Certification actions are valid for the duration of the federal license or permit (typically five years). Any conditions contained within the certification action become a condition of the federal license or permit.

Persons wishing to comment on the application for consideration by the Administrator in making a determination regarding the certification action should submit their comments or request a hearing in writing, emailed no later than 5:00 P.M. on 7/2/2025:

Bureau of Water Quality Planning  
901 South Stewart Street, Suite 4001  
Carson City, Nevada 89701-5249

The request for a hearing must be filed within the comment period and must indicate the interest of the person filing the request and the reasons why a hearing is warranted. All water quality-related comments or objections received within the thirty (30) day period will be considered in the formulation of final certification action regarding the application. If written

comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. A public notice of such hearing will be issued not less than thirty (30) days prior to the hearing date.

The applications, proposed permits, comments received, and other information are on file and may be copied, or copies may be obtained by writing to the above address or by contacting Zachary Carter, Bureau of Water Quality Planning, at (775) 687-9456 or [ndep401@ndep.nv.gov](mailto:ndep401@ndep.nv.gov). The public notice for this project can be viewed at the following website: <https://ndep.nv.gov/posts/category/water>.

Please bring the foregoing notice to the attention of all persons interested in this matter.
