

Notice of Request for Section 401 Water Quality Certification Action - Bureau of Water Quality Planning

Web Posting: 1/26/2026

Deadline for Comments: 2/25/2026

**Flamingo Wash Northfork Access Ramp
Clark County**

**Clark County Public Works
500 South Grand Central Parkway
Las Vegas, NV 89155**

Certification Action Number NV-401-26-003

The purpose of the proposed project is to construct an access ramp to facilitate maintenance activities where an existing reinforced concrete box culvert connects to Flamingo Wash in Las Vegas, Clark County, Nevada. Construction sequencing would include the installation of a temporary diversion structure, removal of the existing channel wall, grading of the access ramp, construction of the concrete ramp, and removal of the temporary diversion. This project would result in 482 cubic yards of excavation, 15 cubic yards of temporary fill, and 24 cubic yards of permanent fill. Construction activities are anticipated to occur between March 2026 and September 2026. The project proponent has requested certification for the use of Nationwide Permit 43 (Stormwater Management Facilities; SPK-2024-00816) under Clean Water Act Section 404 administered by the U.S. Army Corps of Engineers.

A 401 certification (or a waiver of certification) is required for any federal license or permit that authorizes activities that may result in any discharge into waters of the United States. Nevada Division of Environmental Protection is in receipt of a complete request for certification in compliance with Clean Water Act Section 401 Certification regulations which the U.S. Environmental Protection Agency promulgated in 2023, codified as 40 CFR 121.

The Administrator is evaluating whether the proposed activity will comply with applicable water quality requirements. Certification actions are valid for the duration of the federal license or permit (typically five years). Any conditions contained within the certification action become a condition of the federal license or permit.

Persons wishing to comment on the application for consideration by the Administrator in making a determination regarding the certification action should submit their comments or request a hearing in writing, emailed no later than 5:00 P.M. on 2/25/2026:

The request for a hearing must be filed within the comment period and must indicate the interest of the person filing the request and the reasons why a hearing is warranted. All water quality-related comments or objections received within the thirty (30) day period will be considered in the formulation of final certification action regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. A public notice of such hearing will be issued not less than thirty (30) days prior to the hearing date.

The applications, proposed permits, comments received, and other information are on file and may be copied, or copies may be obtained by writing to the above address or by contacting Zachary Carter, Bureau of Water Quality Planning, at (775) 687-9456 or ndep401@ndep.nv.gov. The public notice for this project can be viewed at the following website: <https://ndep.nv.gov/posts/category/water>.

Please bring the foregoing notice to the attention of all persons interested in this matter.
