NOTICE OF PROPOSED ACTION

The Administrator, Division of Environmental Protection, Carson City, Nevada is issuing the following notice of proposed action under the Nevada Revised Statutes and/or the Safe Drinking Water Act, where applicable. The Administrator has received a renewal application for an existing permit UNEV2010204, under the Underground Injection Control (UIC) program, from the following applicant:

Carson City Public Works
3505 Butti Way
Carson City, Nevada 89701

The applicant has submitted an application to renew an UIC permit associated with injection of water from the drinking water distribution system for purposes of aquifer storage and recovery in the northwest area of Carson City. The injection is needed to recharge the aquifer with available surface water. The application is requesting continued injection during higher precipitation periods into three (3) existing production wells located in the Sections 1 & 12 T15N R19E and sections 7 & 18, T15N R20E MDB&M at rates of up to 600 gallons per minute per well.

On the basis of preliminary review, the Administrator has made a tentative determination to reissue the UIC permit to authorize water injection activities for a five (5) year period.

People wishing to comment upon or object to the proposed determinations by the Administrator regarding permit issuance should submit their comments or requests, in writing, hand delivered or postmarked no later than 5:00 P.M. on **10/09/2026**, either in person or by mail to:

Department of Conservation and Natural Resources Division
of Environmental Protection
Bureau of Water Pollution Control 901
South Stewart Street, Suite 4001
Carson City, NV 89701

The request must be filed within the comment period and must indicate the interest of the person filing the request and the reasons why a hearing is warranted. All comments or objections received within the thirty (30) day period will be considered in the formulation of final determination(s) regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. Public notice of such a hearing will be issued not less than thirty (30) days prior to the hearing date.

If no hearing is held and the determinations of the Administrator are substantially changed from the tentative determinations, the Administrator will give public notice of the revised determinations. Additional comments and objections will be considered at that time.

A public hearing on the proposed determination can be requested by the applicant, any affected State, any affected interstate agency, the Regional Administrator of EPA Region IX or any interested agency, person or group of people. The request must be filed within the comment period and must indicate the interest of the

person filing the request and the reasons why a hearing is warranted. Any public hearing determined by the Administrator to be held must be conducted in the geographical area of the proposed discharge or any other area the Administrator determined to be appropriate. All public hearings must be conducted in accordance with NAC 445A.238.

The applications, proposed permits, comments received, and other information are on file and May be copied at the office of the Division of Environmental Protection. Copies may also be obtained by writing to the above address or by contacting Lisa Aleman, Bureau of Water Pollution Control, at (775) 687-9576 or laleman@ndep.nv.gov. For further information, the fact sheet for this project can be viewed at the following website: <https://ndep.nv.gov/posts/category/water>.

Please bring the forgoing notice to the attention of all people whom you know would be interested in this matter.
