

## **State Revolving Fund Priority List is Open**

The State Revolving Fund (SRF), Clean and Drinking Water priority lists are open from September 1, 2026 through October 9, 2026 for water systems to add new projects for funding. For projects to be eligible for funding with the SRF, projects must be included on the Priority List. This is done by completing the Pre-Application process online through the following link; <https://ndep.nv.gov/water/financing-infrastructure/state-revolving-fund-loans> .

Projects that are already on the priority lists do not need to be renewed at this time; this is only for new projects being added.

Please contact us if with any questions at [ndep-ofa@ndep.nv.gov](mailto:ndep-ofa@ndep.nv.gov) .
