

NOTICE OF PROPOSED ACTION

by the
State of Nevada
Division of Environmental Protection
Bureau of Air Pollution Control

PUBLIC NOTICE

Pursuant to Nevada Revised Statutes (NRS) Chapter 445B, the Nevada Administrative Code (NAC) Chapter 445B, and the Clean Air Act, the Nevada Division of Environmental Protection is issuing the following Notice of Proposed Action.

The Director received an application for a new Class II Air Quality Operating Permit, AP4922-4724 (FIN A2613) from the following applicant:

Pinyon Pipeline Company, LLC
370 Van Gorden Street
Lakewood, CO 80228

Pinyon Pipeline Company, LLC – NV Valmy Meter Station is located 6 miles northwest of Valmy, Nevada, and north of I-80 exit 212 (Stonehouse) on Treaty Hill Road. The project is located in all or portions of Section 28, Township 35N, Range 43E, M.D.B.&M.

This permitting action will allow for the construction and operation of the NV Valmy Meter Station. The NV Valmy Meter Station will receive natural gas at the Pinyon Pipeline's operating pressure and reduce the pressure to a downstream customer's specified delivery pressure. Two 18.0 MMBtu/hr natural gas-fired line heaters at the meter station will heat the natural gas as pressure is reduced to prevent line freeze due to pressure drop.

On the basis of the preliminary review and the requirements of the NRS, the NAC and the Clean Air Act, the Director is hereby announcing his intent to issue the proposed Class II Air Quality Operating Permit based on a review of the information submitted. A copy of this document, the draft permit, and the Director's Review will be available for public inspection at <http://ndep.nv.gov/posts>.

Persons wishing to comment regarding this proposed action, or to request a hearing pursuant to NRS 445B Air Pollution and NAC 445B Air Controls, should submit their comments or request in writing, either in person or by mail within thirty (30) days to:

The application, Director's Review, proposed permit, any comments received, and other relevant information may be copied at the above address or copies may be obtained by written request to the above address. Written comments or objections will be received at the Nevada Division of Environmental Protection, above address, until **May 15, 2025**, and will be retained and considered prior to final action on the proposed Class II Air Quality Operating Permit.

Please bring the foregoing notice to the attention of all interested persons.
