

Notice of Virtual Stakeholder Outreach Agenda and Access

Regional Haze Rule SIP Development

October 6, 2020, 9:00 am – 10:30 am PST

The Nevada Division of Environmental Protection is holding an online presentation followed by a Q&A discussing the second implementation period of the Regional Haze Rule. Created to reduce the effects of haze and improve air quality at designated national parks and wilderness areas, the Regional Haze Rule aims to reduce state-wide and regional emissions contributing to haze. This webinar will serve as an introduction to Regional Haze in Nevada and NDEP's recent efforts in developing the Regional Haze State Implementation Plan due on July 31, 2021. The information presented during the presentation will refer to the Regional Haze SIP Development Plan available at <https://ndep.nv.gov/air/planning-and-modeling/regional-haze-and-bart> under "Recent Developments."

The virtual meeting will be provided on a Lifesize virtual meeting platform, which will allow the interested community to interact, ask questions and provide comments using their computer, cell phone or landline telephone. All interested persons are encouraged to attend the virtual meeting. See specific details below on how to participate and/or listen in on the meeting.
