

Nevada Department of Conservation and Natural Resources
Division of Environmental Protection
Bureau of Safe Drinking Water
(Engineering Fees Effective December 28, 2022)

Engineering Plan Review Fees: Application for a permit to construct, renovate, modify, or expand a public water system.

<i>Community Water System and Non-Transient Non-Community Water System</i>	Fee
Application for Approval of a Water Project <u>AND</u>	\$200
Engineering Report for Surface Water Treatment or Preliminary Engineering Report (PER) for Ground Water Treatment	\$900
Water Disinfection Facility	\$600
Distribution System: Less than 1,000 linear feet	\$600
Distribution System: At least 1,000 linear feet but not more than 10,000 linear feet	\$800
Distribution System: More than 10,000 linear feet	\$900
Pump Facility	\$1,000
Spring Facility	\$800
Storage Facility	\$900
Well Facility	\$1,000
Plan to Operate	\$800
Treatment Facility	0.1 percent of the capital cost of the treatment facility but not less than \$40.

<i>Transient Water System</i>		Fee
Application for Approval of a Water Project <i>AND</i>		\$100
Engineering Report for Surface Water Treatment or Preliminary Engineering Report (PER) for Ground Water Treatment		\$500
Water Disinfection Facility		\$400
Distribution System: Less than 1,000 linear feet		\$400
Distribution System: At least 1,000 linear feet but not more than 5,000 linear feet		\$500
Distribution System: More than 5,000 linear feet		\$600
Pump Facility		\$600
Spring Facility		\$500
Storage Facility		\$500
Well Facility		\$600
Treatment Facility		0.1 percent of the capital cost of the treatment facility but not less than \$40.

<i>Privately Owned Community Water System</i>		Fee
Application to Permit a Privately Owned Community Water System		\$800

<i>Water Hauling</i>		Fee
Water Hauling Plan		\$600
