

The U.S. Environmental Protection Agency (EPA) is proposing a National Primary Drinking Water Regulation (NPDWR) for **Perchlorate** and a health-based Maximum Contaminant Level Goal (MCLG) under the Safe Drinking Water Act (SDWA). The regulation comment period is currently open through March 8, 2026. Please open the link below to review the proposed regulation. If you are interested in providing comments, you may click on the green button in the upper right corner to leave EPA a message, comment, or general thoughts on this proposal, timeframes, and maximum contaminant levels (MCLs).
