

POLICY: SEPTIC TO COMMUNITY SEWAGE SYSTEM CONNECTIONS

Authority: The Board for Financing Water Projects is authorized by Nevada Revised Statutes (NRS) 349.982 to establish requirements for participation in the Capital Improvement Grants Program.

Purpose: To establish the board's position on awarding grant funding for the abandoning of individual septic tanks and connecting the homes to community sewer systems. Specific funds for abandoning of individual septic tanks and connecting the homes to community sewer systems are authorized for funding in the program through NRS 349.981 1(d). Those funds have been obligated.

Policy: It is the policy of the Board for Financing Water Projects to discontinue funding for the abandoning of individual septic tanks and connecting the homes to community sewer systems unless public groundwater is being impacted by failing septic systems.
