

Clean Water SRF & Drinking Water SRF

Priority List Public Workshop

May 1, 2024
1:00 PM – 3:00 PM

To be held in person at: 901 S. Stewart Street, Carson City, Nevada
1st Floor Bonnie Conference Room

To be held Virtually at: TEAMS Meeting ID: 216 804 226 654
Passcode: Xirmww

Call in from Mobile/Phone (audio only): United States: +1 (775) 321-6111
Meeting extension: 422 723 466

Slides are listed under the State Revolving Fund Documents Section

Nevada
CWSRF Priority List—
Effective May 2024

Requirement for Ranking

A priority system must be used to rank treatment works* projects that are considered eligible for financial assistance from the fund

- 33 U.S. Code §1383(g)
- NAC 445A.767(1)

The priority system must give highest priority to projects that are necessary to meet the enforceable requirements of the Clean Water Act.

Include in the criteria for ranking projects:

- The elimination of pollution from waters within the state
- The protection of health of the public
- The attainment of standards of water quality adopted by the state
- The operation of the fund in such a manner so as to impose the least possible financial burden on municipalities.

*Projects not considered treatment works are not required to be on a priority list. State regulations are still being amended.

Ranking Process

	Points
Priority Class Points	A, B, C
Water Quality Factor	+A, or +B
Asset Management	Add
Project Readiness	Add
Green Projects	Add
Initial Points	Subtotal
Affordability Criteria	Add 25
Final Points	Final

Priority Classes

Class A: Projects that benefit public health and/or environment

- Necessary to eliminate documented public health hazards
- To correct existing violations of surface water quality standards

Class B: Projects to Increase reliability and sustainability

- To maintain beneficial uses
- To address facility flow or loading
- To address sewer system rehabilitation and reclaimed water distribution

Class C: Projects meeting other clean water needs

- All other treatment works or pollution control projects

Additional Points

Water Quality Factor

- Up to 5 points
- Relates with allowable loadings of pollutants for a waterbody

Asset Management

- Up to 3 points
- Relates to whether the system has been proactive in identifying their capital assets, supporting their maintenance, and funding replacement.

Project Readiness

- Up to 10 points
- Relates to how far along the project is ready towards construction

Green Projects

(5 pts):

- Water & energy efficiency upgrades;
- On-site clean power production;
- Reuse of effluent;
- Establishment or restoration of permanent riparian buffers, other vegetative buffers, floodplains, or wetlands;
- Project to manage wet weather & restore hydrology by infiltration, evapotranspiration, or harvesting & use of storm water; or
- Green storm water infrastructure

Affordability for additional subsidy

Nevada Administrative Code:

No definition. Program requirements must be outlined in the annual Intended Use Plan (NAC 445A.764)

Federal Clean Water Act Requirements:

Section 603(i)(2) requires states to develop affordability criteria for additional subsidization based on income, unemployment data, population trends, and other data determined relevant by the state.

2023 Clean Water Intended Use Plan:

- 50 points are needed to qualify for principal forgiveness
- 25 points will be added to the initial score for systems qualifying through the affordability criteria

Affordability criteria

- Income Factors
 - Median Household Income versus State MHI
 - Poverty Levels in the service area
- Population trends
 - Change in population over a three-year period based upon the latest American Community Survey data available
- Unemployment
 - Percent of the population not in the workforce
 - Unemployment rate of service area
- Affordability
 - Whether or not an interest-bearing loan will increase already sufficient user rates by 10%, 20%, or 30%.
 - This also has a look-back option for 5 years.
 - Residential rates compared to MHI
 - Based on 1.0%, 1.5%, and 2.0%
- Other Factors
 - Nature of the project
 - Incentives for project types
 - Financial assistance from government or political subdivisions

Questions?

Draft May 2024 Clean Water Priority List

- ❖ *Priority rank*
- ❖ *N¹: New to the priority list*
- ❖ *D²: System/Project initially meets affordability criteria*
- ❖ *G³: Project qualifies as green*
- ❖ *Applicant*
- ❖ *Permit #*
- ❖ *Project Population*
- ❖ *Total Points*
- ❖ *Revised Points (will include affordability points, if applicable)*
- ❖ *Nevada Infrastructure Financial System (NIFS) Project ID*
- ❖ *Project Description*
- ❖ *Program Cost Estimate*
- ❖ *Notes: For any special funding*
- ❖ *Funded: F indicates the project has received funding, PF indicates the project as received partial funding, is not complete, and must remain on the list.*

Class A: Project benefits public health and /or the environment

90	Nevada Clean Water Priority List	\$1,013,475,557
-----------	-----------------------------------------	------------------------

Projects must be ranked on the priority list in order to receive funding. Projects are ranked based on the highest priority to meet the enforceable requirements of the Federal Clean Water Act. The Nevada Division of Environmental Protection is authorized to make technical adjustments and bypass projects on the list that are not determined to be ready to proceed.⁶

Please reference our current Clean Water Intended Use Plan on our website for more information:

<https://ndep.nv.gov/water/financing-infrastructure/state-revolving-fund-loans>

⁶Nevada Administrative Code (NAC) 445A.765-NAC 445A.768

	Amount*	Number of Systems	% of Systems
¹ New to the priority list	\$184,425,155	14	15.6%
² Meets state affordability criteria for additional subsidy	\$330,121,588	55	61.1%
³ Project qualifies as green	\$541,687,633	38	42.2%
⁴ Emerging Contaminants (EC)	\$14,146,800	2	2.2%
⁵ Fully Funded (F) or Partially Funded (PF)	\$115,426,871	10	11.1%

*Sum of Amount does not equal grand total

	Projects	Affordability (Disadvantaged)	Green
Previous List	82	53	33
Added	14	3	6
Removed	6	1	1
Current List	90	55	38
		61.1%	42.2%

	Projects	Affordability (Disadvantaged)	Green
Class A	14	13	2
Class B	49	26	22
Class C	27	16	14
Current List	90	55	38

CW Priority List

NDEP may bypass a project on the priority list if NDEP determines the project is not ready to proceed, fails to file a letter of intent, or the applicant requests action to be deferred. (NAC 445A.67675)

- *Projects ready to proceed may bypass projects with a higher point score that are not ready to proceed*
- *Written notice is given to systems being bypassed*

Funded / Partially Funded	10 projects (11.1%)
All others	80 projects (88.9%)

As of May 16, 2024. Data subject to change.

Nevada Department of
**CONSERVATION &
NATURAL RESOURCES**

DWSRF Priority List Goals

The Division shall prioritize the list to achieve water quality and public health goals consistent with the requirements of the Safe Drinking Water Act.

- 42 U.S. Code §300j-12(a)(3)(b)
- NAC 445A.67567

The Priority List must include:

- Name of each public water system
- The priority assigned to each proposed water project
- A description of each water project
- An estimate of the eligible costs for each project

Ranking Criteria

NAC
445A.67566
– NAC
445A.67573

	Points
Priority Class Points	I, II, III, IV
Asset Management	Add
Initial Points	Subtotal
Disadvantaged eligibility	Add 25
Final Points	Final

Ranking Criteria

NAC
445A.67566
– NAC
445A.67573

❖ Priority Classes – I,II,III, and IV

💧 Class I – Projects that address:

- *Acute health risks: Demonstrated illness attributable to the public water system*
- *Significant non-compliance*
- *Court ordered compliance*
- *Systems addressing acute health issues*

💧 Class II – Projects that address:

- *Chronic health concerns – documented non-compliance with primary & secondary drinking water standards*
- *Systems Addressing chronic health issues*

💧 Class III – Projects that address deteriorated, substandard, or inadequate conditions in a public water system

- *Treatment*
- *Storage*
- *Transmission & Distribution*
- *Meters*
- *Security*
- *Planning*

💧 Class IV – Refinancing of debt incurred after July 1, 1993

Asset Management

- ❖ *Applies to ALL Classes*
 - ❖ *(5 pts) System is mapped & assets are cataloged/evaluated*
 - ❖ *(5 pts) System has a rate structure that supports O&M*
 - ❖ *(5 pts) System has allocated funds for rehabilitation/replacement of aging infrastructure*

Disadvantaged systems

Nevada Administrative Code amended¹:

“Disadvantaged community” means an area in which, as compared to other communities in this State, residents disproportionately experience economic, environmental or health issues, including, without limitation, high rates of poverty or unemployment.

(NAC 445A.675245)

Federal Clean Water Act Requirements:

[42 U.S.C §300j-12(b)(d)(3)] the term “disadvantaged community” means the service area of a public water system that meets affordability criteria established after public review and comment by the State in which the public water system is located.

2023 Drinking Water Intended Use Plan:

- 50 points are needed to qualify for principal forgiveness
- 25 points will be added to the initial score for systems qualifying as disadvantaged

¹<https://www.leg.state.nv.us/Register/2022Register/R109-22AP.pdf>

Disadvantaged criteria

- Income Factors
 - Median Household Income versus State MHI
 - Poverty Levels in the service area
- Population trends
 - Change in population over a three-year period based upon the latest American Community Survey data available
- Unemployment
 - Percent of the population not in the workforce
 - Unemployment rate of service area
- Affordability
 - Whether or not an interest-bearing loan will increase already sufficient user rates by 10%, 20%, or 30%.
 - This also has a look-back option for 5 years.
 - Residential rates compared to MHI
 - Based on 1.0%, 1.5%, and 2.0%
- Other Factors
 - Nature of the project
 - Incentives for project types
 - Financial assistance from government or political subdivisions

Draft May 2024 Drinking Water Priority List

- ◆ Priority Rank
- ◆ N¹: New to the list
- ◆ D²: System or project qualifies as disadvantaged
- ◆ C³: Water System Classification (community/noncommunity)
- ◆ Entity
- ◆ PWS ID#
- ◆ Project Population
- ◆ Project Service Connections
- ◆ Total Points
- ◆ Revised Points
- ◆ NIFS project ID
- ◆ Project Description
- ◆ Estimated Loan Amount
- ◆ *Funded: F indicates the project has received funding, PF indicates the project as received partial funding, is not complete, and must remain on the list.*

Class I: Acute Issues

195 Nevada Drinking Water Priority List \$1,058,018,399

Projects must be ranked on the priority list in order to receive funding. Projects are ranked based on the highest priority to meet the enforceable requirements of the Federal Safe Drinking Water Act. The Nevada Division of Environmental Protection is authorized to make technical adjustments and bypass projects on the list that are not determined to be ready to proceed.⁶

Please reference our current Drinking Water Intended Use Plan on our website for more information:
<https://ndep.nv.gov/water/financing-infrastructure/state-revolving-fund-loans>

⁶Nevada Administrative Code (NAC) 445A.67567-NAC 445A.67573

	Amount*	Number of Systems	% of Systems
¹ New to the priority list	\$233,173,833	14	7.2%
² Meets state disadvantaged criteria for additional subsidy	\$613,504,064	152	77.9%
³ Community Water Systems (C)	\$1,055,980,686	192	98.5%
³ Non-transient, Noncommunity (NTNC)	\$2,037,713	3	1.5%
⁴ Emerging Contaminants (EC)	\$31,640,000	5	2.6%
⁴ Lead Service Line Grant Funding (LSL)	\$3,875,000	1	0.5%
⁵ Fully Funded (F) or Partially Funded (PF)	\$66,453,245	34	17.4%

*Sum of Amount does not equal grand total

Draft May 2024 Drinking Water Priority List

[https://ndep.nv.gov/water/financing-
infrastructure/state-revolving-fund-loans](https://ndep.nv.gov/water/financing-infrastructure/state-revolving-fund-loans)

DW Priority List

	Projects	Disadvantaged	Small Systems (less than 10,000)
Previous List	198	151	165
New to the List	14	7	11
Removed	17	6	2
Current List	195	152	174
		77.9%	89.2%

	Projects	Disadvantaged Systems or Projects	Small Systems (less than 10,000)
Class I	5	3	3
Class II	23	17	22
Class III	167	132	149
Class IV	0	0	0
	195	152	174

DW Priority List

NDEP may bypass a project on the priority list if NDEP determines the project is not ready to proceed, fails to file a letter of intent, or the applicant requests action to be deferred. (NAC 445A.67573)

- *Projects ready to proceed may bypass projects with a higher point score that are not ready to proceed*
- *Written notice is given to systems being bypassed*

Funded / Partially Funded	34 projects (17.4%)
All others	161 projects (82.6%)

As of May 16, 2024. Data subject to change.
