

# Clean Water SRF & Drinking Water SRF

Priority List Public Workshop  
May 6, 2025

# Public Comments

Those wishing to make public comment that are participating remotely may do so by calling (775) 321-6111 and using meeting extension 254944853#, or by raising your hand through the TEAMS module so the moderator may call on you.

# Workshop Materials

Workshop materials are available on our website:  
<https://ndep.nv.gov/water/financing-infrastructure/state-revolving-fund-loans>

Slides are listed under the State Revolving Fund Documents section..

# **Nevada CWSRF Priority List**

## **– Effective May 2025**

# CWSRF Requirement for Ranking

A priority system must be used to rank treatment works\* projects that are considered eligible for financial assistance from the fund

- 33 U.S. Code §1383(g)
- NAC 445A.767(1)

The priority system must give highest priority to projects that are necessary to meet the enforceable requirements of the Clean Water Act.

Include in the criteria for ranking projects:

- The elimination of pollution from waters within the state
- The protection of health of the public
- The attainment of standards of water quality adopted by the state
- The operation of the fund in such a manner so as to impose the least possible financial burden on municipalities.

\*Projects not considered treatment works are not required to be on a priority list. State regulations are still being amended.

# CWSRF Ranking Process

	Points
Priority Class Points	A, B, C
Water Quality Factors	+A or +B
Asset Management	Add
Project Readiness	Add
Green Projects	Add
Initial Points	Subtotal
Affordability Criteria	Add 25
Final Points	Final

# CWSRF Priority Classes

## **Class A: Projects that benefit public health and/or environment**

- Necessary to eliminate documented public health hazards
- To correct existing violations of surface water quality standards

## **Class B: Projects to Increase reliability and sustainability**

- To maintain beneficial uses
- To address facility flow or loading
- To address sewer system rehabilitation and reclaimed water distribution

## **Class C: Projects meeting other clean water needs**

- All other treatment works or pollution control projects

# CWSRF Additional Points

## Water Quality Factors

- Up to 5 points
- Relates with allowable loadings of pollutants for a waterbody

## Asset Management

- Up to 3 points
- Relates to whether the system has been proactive in identifying their capital assets, supporting their maintenance, and funding replacement.

## Project Readiness

- Up to 10 points
- Relates to how far along the project is ready towards construction.

# CWSRF Green Projects

5 points:

- Water & energy efficiency upgrades;
- On-site clean power production;
- Reuse of effluent;
- Establishment of restoration of permanent riparian buffers, other vegetative buffers, floodplains, or wetlands;
- Project to manage wet weather & restore hydrology by infiltration, evapotranspiration, or harvesting & use of storm water; or
- Green storm water infrastructure.

# CWSRF Affordability for Additional Subsidy

## **Nevada Administrative Code:**

No definition. Program requirements must be outlined in the annual Intended Use Plan.  
(NAC 445A.764)

## **Federal Clean Water Act Requirements:**

Section 603(i)(2) requires states to develop criteria for additional subsidization based on income, unemployment data, population trends, and other data determined relevant by the state.

## **2024 Clean Water Intended Use Plan:**

- 50 points are needed to qualify for principal forgiveness
- 25 points will be added to the initial score for systems qualifying through the affordability criteria

# CWSRF Affordability Criteria

## **Income Factors**

- Median Household Income versus State MHI
- Poverty Levels in the service area

## **Population Trends**

- Change in population over a three-year period based upon the latest American Community Survey data available

## **Unemployment**

- Percent of the population not in the workforce
- Unemployment rate of service area

## **Affordability**

- Whether or not an interest-bearing loan will increase already sufficient user rates by 10%, 20%, or 30%.
  - This also has a look back option for 5 years.
- Residential rates compared to MHI.
  - Based on 1.0%, 1.5%, and 2.0%

## **Other Factors**

- Nature of project
- Incentives for project types
- Financial assistance from governmental or political subdivisions

# Draft May 2025 Clean Water Priority List

- Priority Rank
- N<sup>1</sup>: New to the priority list
- D<sup>2</sup>: System/Project initially meets affordability criteria
- G<sup>3</sup>: Project qualifies as green
- Applicant
- Permit No.
- Project Population
- Total Points
- Revised Points (will include affordability points, if applicable)
- Nevada Infrastructure Financial System (NIFS) Project ID
- Project Description
- Program Cost Estimate
- Special Funding<sup>4</sup>
- Funded<sup>5</sup>: Indicates the project has received funding, PF indicates the project has received partial funding, is not complete, and must remain on the list.

Class A: Project benefits public health and /or the environment

Class B	47	26	21
Class C	29	16	14
Current List	89	54	37

# Draft May 2025 Clean Water Priority List

NDEP may bypass a project on the priority list if NDEP determines the project is not ready to proceed, fails to file a letter of intent, or the applicant requests action to be deferred. (NAC 445A.67675)

- *Projects ready to proceed may bypass projects with a higher point score that are not ready to proceed.*
- *Written notice is given to systems being bypassed.*

Funded/Partially Funded	11 projects (12.4%)
All others	78 projects (87.6%)

As of April 28, 2025. Data subject to change.

# Public Comments

Clean Water Priority List is Final after comments.

# **Nevada DWSRF Priority List – Effective May 2025**

# DWSRF Priority List Goals

The Division shall prioritize the list to achieve water quality and public health goals consistent with the requirements of the Safe Drinking Water Act.

- 42 U.S. Code §300j-12(a)(3)(b)
- NAC 445A.67567

The Priority List must include:

- Name of each public water system
- The priority assigned to each proposed water project
- A description of each water project
- An estimate of the eligible costs for each project

# DWSRF Ranking Criteria

**NAC 445A.67566 –  
NAC 445.67573**

	Points
Priority Class Points	I, II, III, IV
Asset Management	Add
Initial Points	Subtotal
Disadvantaged Eligibility	Add 25
Final Points	Final

# DWSRF Ranking Criteria

## NAC 445A.67566 – NAC 445.67573

### **Class I: Projects that address**

- Acute health risks: Demonstrated illness attributable to the public water system
- Significant non-compliance
- Court ordered compliance
- Systems addressing acute health issues

### **Class II: Projects must address**

- Chronic health concerns: Documented non-compliance with primary & secondary drinking water standards
- Systems addressing chronic health issues

### **Class III: Projects that address deteriorated, substandard, or inadequate conditions in a public water system**

- Treatment
- Storage
- Transmission & Distribution
- Meters
- Security
- Planning

### **Class IV: Refinancing of debt incurred after July 1, 1993**

# DWSRF Asset Management

## Applies to ALL Classes

- (5 points) System is mapped & assets are catalogued/evaluated
- (5 points) System has a rate structure that supports O&M
- (5 points) System has allocated funds for rehabilitation/replacement of aging infrastructure

# DWSRF Disadvantaged Systems

## **Nevada Administrative Code amended<sup>1</sup>:**

“Disadvantaged Community” means an area in which, as compared to other communities in this State, residents disproportionately experience economic, environmental or health issues, including, without limitation, high rates of poverty or unemployment. (NAC 445A.675245)

## **Federal Drinking Water Act Requirements:**

[42 U.S.C §300j-12(b)(d)(3)] the term “disadvantaged community” means the service area of a public water system that meets affordability criteria established after public review and comment by the State in which the public water system is located.

## **2024 Drinking Water Intended Use Plan:**

- 50 points are needed to qualify for principal forgiveness
- 25 points will be added to the initial score for systems qualifying as disadvantaged

<sup>1</sup><https://www.leg.state.nv.us/Register/2022Register/R109-22AP.pdf>

# DWSRF Disadvantaged Criteria

## **Income Factors**

- Median Household Income versus State MHI
- Poverty Levels in the service area

## **Population Trends**

- Change in population over a three-year period based upon the latest American Community Survey data available

## **Unemployment**

- Percent of the population not in the workforce
- Unemployment rate of service area

## **Affordability**

- Whether or not an interest-bearing loan will increase already sufficient user rates by 10%, 20%, or 30%.
  - This also has a look back option for 5 years.
- Residential rates compared to MHI.
  - Based on 1.0%, 1.5%, and 2.0%

## **Other Factors**

- Nature of project
- Incentives for project types
- Financial assistance from governmental or political subdivisions

# Draft May 2025 Drinking Water Priority List

- Priority Rank
  - N<sup>1</sup>: New to the priority list
  - D<sup>2</sup>: System/Project qualifies as disadvantaged
  - C<sup>3</sup>: Water System Classification (community/noncommunity)
- Applicant
- PWS ID
- Project Population
- Project Service Connections
- Total Points
- Revised Points
- Nevada Infrastructure Financial System (NIFS) Project ID
- Project Description
- Program Cost Estimate
- Special Funding<sup>4</sup>
- Funded<sup>5</sup>: Indicates the project has received funding, PF indicates the project has received partial funding, is not complete, and must remain on the list.

Added	20	18	15
Removed	20	17	16
Current List	199	162	196
		81.4%	98.5%

	Projects	Disadvantaged	Small Systems (less than 10,000)
Class I	5	5	4
Class II	23	21	19
Class III	170	135	172
Class IV	1	1	1
Current List	199	162	196

# Draft May 2025 Drinking Water Priority List

NDEP may bypass a project on the priority list if NDEP determines the project is not ready to proceed, fails to file a letter of intent, or the applicant requests action to be deferred. (NAC 445A.67573)

- *Projects ready to proceed may bypass projects with a higher point score that are not ready to proceed.*
- *Written notice is given to systems being bypassed.*

Funded/Partially Funded	45 projects (22.6%)
All others	154 projects (77.4%)

As of April 28, 2025. Data subject to change.

# Public Comments

Drinking Water Priority List moved to the Board for Financing Water Projects for adoption after comments.
