

The steps to be followed receive a Clean Water Loan

1. Complete a CWSRF Priority List pre-application. Pre-applications are available on this webpage
2. Upon receipt, your pre-application is evaluated for inclusion on the next Priority List.
3. Submit two copies of your Facility Plan or PER.
4. Your Facility Plan or PER must be reviewed and approved by the Office of Financial Assistance and the Bureau of Water Pollution Control.
5. The Office of Financial Assistance will complete an Environmental Review based on the Environmental Report included in the Facility Plan or Environmental Report.
6. Submit your CWSRF Loan Application to the Office of Financial Assistance. Loan applications are available on this webpage.
7. The application is reviewed.
8. Secure the services of Bond Counsel. The loan is in the form of a bond. All steps to sell a bond on the open market must be followed, except that the bond is sold to the State Treasurer at below market rate. The bond is ordinarily a General Obligation Bond and must be sold in accordance with the provisions of NRS Chapter 350. Under some circumstances, the bond can be a Revenue Bond.
9. Submit a sewer use ordinance and user charge system for review by the Office of Financial Assistance.
10. The terms and conditions of a loan agreement are negotiated and an agreement is signed.
11. Submit design and specifications for review and approval by the Bureau of Water Pollution Control.
12. Construction begins!
